

Students in Year 6 2019 can already access our Selective Stream via the Selective High School Placement Test held each year in March. Unfortunately however, this class is capped at a maximum of 30 students per year group, which often prevents access for some very capable students.

An *alternative pathway* to advanced academic study at Blacktown Boys is available via the school based **GTi** test held in February.

Boys High School

# GTi Entrance Test for 2020

On 26 February 2019

### What is **GTi**?

Our **Gifted Talented and interested** class is designed for students in year 6 2019 who have above average academic ability and who may possess talents not always reflected in the style of test provided by the Selective High School Placement Unit, such as arts, computers and music.

### Why choose **GTi**?

The **Gifted Talented and interested** class follows the same curriculum as the Selective class and undertakes the same internal assessment processes.

It has the added advantage of being a pathway to positions in the Selective class should vacancies occur, subject to formal application procedures.

### How to gain entry?

Main entry is via the **GTi** test held at Blacktown Boys High (*registration details below*), with a small number of places reserved for Primary School recommendations and further testing.
